The Travelling Mouse Bernard goes to Austria is a travel narrative/travel book for kids and parents.

Read about The Travelling Mouse Bernard's exciting experiences in Austria, where he meets new friends, learns a little about the language and foods, as well as seeing the sights, and many other exciting things.

This is the book for all parents who want a shortcut to processing the many impressions the child experiences travelling and is a mixture of facts and fiction.

The book can also be used to learn about another country and on the last pages, there is a small phrasebook, memory game and a link to a common activity booklet that can be printed out.

Hi there!
